MODEL: US5564
Long-reach Pivot Gutter Cleaner

HOSELINK[®]

Kit Contents

- 1 x Long-reach Pivot Gutter Cleaner
- 1 x Male Hose Connector

The Long-reach Pivot Gutter Cleaner is great for cleaning and clearing out debris from your gutters. With the extendable handle, pivot head and in-built flow control, it provides that extra reach for hard to access areas.

Instructions

STEP 1

If not already attached, screw the Hoselink Male Hose Connector into the base of the wand.

STEP 2

Use a point and twist action to attach to the Hoselink fitting on your garden hose. If not using Hoselink fittings, screw the wand directly onto your hose end.

STEP 3

Select the desired angle for spray head. Turn flow control to ON position by turning as per arrow direction, allowing water to flow.

Extending and Unscrewing

Find the black nut located above the second foam grip. Unscrew the nut, pull the wand's head up to your desired length and then re-tighten the nut to secure in place.
